Lernaea branchialis

Baculus = synonym
Lubbock, 1860.

Caligoida- Lernaeidae.
B. elongatus. (M).

I. C. Thompson (1890) contended that this was
the young of Lernaea branchialis; but
Lütken (1892) and Mázek (1895) and Bassett-
Smith (1899) all give it as the young of
a Pennella.
