

Chappuisiella = synonym.
Brehm-Lunz, 1926.

~~& Rütner.~~

①
C. crenulatus

Syn. Chappuisiella, Brehm-Lunz, 1926, p. 314.

New genus proposed for the crenulatus group of Canthocamptus described by Delachaux, the only generic character named being the peculiar coarse-toothed spine at the tip of the end segt of the 4th exopod.
