

(in)

Caligoïda - Caligidae.

Hentigrips valid.
Wilson, 1913.

H. curtis (M).

Syn. Dentigrips Wilson, 1913, p. 222.

- Dojiri, 1983: 365-367

dens, a prong or tooth + grips, a griffin

General body form combining cephalothorax of
Trepophtheirus, a concealed 4^o segt, gen. segt.
of Isopotes and a peculiar abdomen - First
3 thorax segts fused with head - 4^o + 5^o segts fused
with v gen. segt. - both cephalothorax & gen.
segt covered by a carapace - Abdomen at-
tached to ventral surface of gen. segt. Egg-
tubes medium length - Maxillary hooks and
furca both present, 10 maxillae simple and
undivided - 10 and 40 legs uniramous - 2^o and
3^o biramous -

Caligidae: Siphonostomatoida

Dentigryps
